

User Guide

In Admin panel you need to enable this module under
store > configuration > Bluethink Inc > Import Wishlist

There is option to enable send email notification to the customer.

The screenshot shows the Admin Panel Configuration page for Bluethink Inc. The left sidebar contains a menu with icons and labels: DASHBOARD, SALES, MENU AND SUBMENU, BLUETHINK, CATALOG, CUSTOMERS, MARKETING, CONTENT, and DEALS. The main content area is titled "Configuration" and includes a search icon, a notification bell with a red "1", and a user profile labeled "admin". Below the title bar, there is a "Scope" dropdown set to "Default Config" and a "Save Config" button. The configuration is organized into sections: "GENERAL", "CATALOG", "SECURITY", and "BLUETHINKINC". Under "BLUETHINKINC", the "Import Wishlist" section is expanded, showing the "Enable Wishlist" option set to "Yes" (with a "[global]" label). Below this, the "Send Email" section is also expanded, showing the "Send Notification Mail" option set to "Yes" (with a "[global]" label).

There are option to add product or upload csv to add product in customer wishlist.

Admin user can have list of uploaded product in customer wishlist
